### SPECIFICATION

Operating Temperatures: -52° to 71°C

Dimensions: Overall Length 80mm / Body Ø40mm

### TRANSPORT & PACKAGING DETAILS

Packaging: Cardboard Box

Dimensions mm: 152x152x152

Qty per Outer Pack: 10

Gross Weight: 5.10kg

### Description

This inert Training Body is dimensionally identical to the operational bodies and is of a similar weight in order to replicate the operational variants.

It is to be used in conjunction with the Training Reloadable Insert PT4523B.

It is bottom vented in order to discharge energy away from the hand of the operator.

The Body is designed to be re-used by replacing the Reloadable Insert.

It can be reloaded 50 plus times under normal training conditions.
